VISION THAT MAKES A
Difference

ABOUT US

Our firm was founded three decades ago with the goal of offering legal services of the highest quality, with efficiency, security and agility.

We work in the main areas of Business Law for national and international clients of all sizes and sectors of the economy.

We believe that competence and a close relationship with our clients add value to their business and that law is not a commodity. The provision of legal services is strategic and requires unconditional dedication, constant study and unrestricted respect for ethics.

WE KNOW OUR CLIENTS OPERATION, THEIR BUSINESS AND STRATEGIC GOALS.

Our professionals possess high technical quality, have backgrounds in economy, business administration and accounting, and work as one team to provide effective solutions to our clients.

Our headquarters are in São Paulo, and we have active offices in Rio de Janeiro and Brasília. In addition, we maintain productive relationships with the most renowned international firms.

Due to our intense work with multinational clients, we have founded and integrate the board of the Latin American Tax and Legal Network – LATAXNET, a network of first-rate firms that allows us to develop and monitor projects in all Latin American countries.

Our firm is also the Brazilian member of the international network WTS Global, which is based in Germany and present in more than 100 countries.
